Presenting

JOHN S. QUEEN

My New Assistant

February, 1969

Dear Numismatic Friends:

Naturally, I would like to present John to you personally, but since this obviously is not possible, this "Open Letter" must necessarily suffice.

John joined the staff of PARAMOUNT recently to give me a much needed lift in the Auction Department -- and he has certainly made himself at home. As a matter of fact, he has proven himself to be so efficient and competent that I am indeed happy to have him with us -- especially in view of the fact that his competence and efficiency are of such great help to me in the tremendous job of putting together an Auction Sale. We here at Paramount feel confident that we have found a man who is ideally qualified to serve our customers.

As you may know, John is the former editor of "The Coin Collector," a nationally circulated numismatic publication. This periodical was vastly improved under his leadership and as he recently told me . . . "I must have done too good a job; Ed (Ed Babka, the owner) sold it out." (It was purchased by Chet Krause.)

Already established as a well-known numismatist from Illinois, John carried on a national mail order business for a time. He received his auction training -- certainly a welcome attribute for his work with us -- from the Reisch American School of Auctioneering in Mason City, Iowa. This school is the largest of its kind in the world, claiming to graduate more auctioneers than all other schools combined.

As a point of interest, prior to becoming so actively involved in numismatics, he had a most distinguished record as a Minister serving in the Congregational (United Church of Christ) Church. He served in two parishes in Ohio, both in the Englewood area, so coming to work for Paramount was like returning to "home base." During his ministry he was appointed as one of the superintendents of the Illinois Conference of Congregational Churches where he assumed major administrative responsibilities in this capacity.

We feel that you should not only become acquainted with John Queen, but that he should also become acquainted with you. So when you see him with the Paramount staff at various conventions and auction sales, make yourself known to him.

As an aside . . . I am sure you all know what an assistant is for: Any mistakes or mishaps, any errors or inaccurate descriptions found in this catalog - John is responsible -- Any credits or "bouquets" can be tossed my way! All this, of course, is a facetious definition of an "assistant."

See you in Los Angeles,

James Kelly

MAIL BID SECTION

QUANTITATIVE GRADING

As you proceed through this catalog of outstanding numismatic material, you will notice that we are using quantitative grading for the first time. This is to help the bidder know more exactly the condition of a coin. It works like this -- if a consigned coin just meets the minimum requirements to qualify as, let's say, VF by Brown and Dunn standards, that coin will be listed VF 20. If it is better than minimum, it would be VF 25. If it is what normally would be listed as VF-EF, same would be designated as VF 30. Occasionally we have used the designation VF 35. This means that for all intents and purposes it is EF, but it is so marginal an EF that we give it the very highest VF rating (VF 35).

The following numbering system is employed in this scale.

Very Fair	-	3	Very Fine	-	20-35
Good	-	4-6	Ext. Fine	-	40-45
Fine	-	12-15	Abt. Unc.	-	50-55

We feel that this grading system will be beneficial to you, the bidder, and your reaction will certainly be appreciated.

THE J. E. MERKEL COLLECTION

The entire Second Session of this Sale is made up of the J. E. Merkel Collection. Mr. Merkel gathered this outstanding collection over the last twenty-three years, a considerable portion of which he purchased from Jim "Trends" Kelly and Aubrey Bebee (the auctioneer and the buyer of the famous 1913 Liberty Nickel.)

Mr. Merkel is a long time member of the A.N.A. and a Life Member of the Central States Numismatic Association. He has been a member of the Chicago Coin Club since 1944, and after moving to Princeton, Illinois, his present home, he helped organize, and became the first president of the Bureau County Coin Club.

Mr. Merkel, now nearing retirement age, is disposing of this collection as he is considering the purchase of a new home. To him this seems the right time to do this as the California Sale offers one of the best opportunitites to dispose of this fine collection. DOUBLE EAGLES (St. Gauden's)

1716. 1907 St. Gaudens Roman Numerals, struck in high relief with traces of wire edge. About Uncirculated, showing only faintest rubbing on the highest spots of breast and knee. Feathers on eagle indicate no wear. A lovely example of what many think to be the most beautiful and artistic coin ever struck. Should bring over $750.00

1717. 1910-D, Extremely Fine 45, lustrous. Trends $70.00

1718. 1912 Matte Proof. Extremely Rare, only 74 struck. This specimen shows evidence of slight mishandling which, unfortunately, removes it from the "perfection" class. It is still very desirable and must be seen to be appreciated. Gem specimens bring over Catalog value of $2500.00. This coin should bring close to $2000.00

1719. 1916-S, Lustrous Extremely Fine. Catalogs $100.00

U.S. GOLD TYPE SET
